CORINTHIA

Castles of Corinthia

About

Corinthia has always stood on the crossing between the Peloponnese and the rest of Greece, which is why it filled up with castles and fortresses in every era. In this list you will find castles from our guide, from the great Acrocorinth above Ancient Corinth to smaller, lesser-known ones such as Penteskoufi, Angelokastro, Larisi castle and the Bourtzi at Kenchreai. Some are easy to reach by car, while others need a walk uphill or along a path. Acrocorinth has opening hours and free admission according to the Ministry of Culture; the others are open-air ruins. Wear closed shoes, take water and avoid the hot midday hours in summer. On each castle page you will find a map, distances and what is nearby.
