SIGHTS · CORINTHIA

Amoni Beaches (Megalo & Mikro)

About

At the south-eastern edge of Corinthia, near **Korfos**, two neighbouring coves — **Megalo** and **Mikro Amoni** — rank among the most beautiful shores in the region.

What to expect

Pebble beaches with very clear, deep water and pine-covered slopes all around. The distance from the cities and the winding road keep them relatively quiet even in August.

They are favourites with people arriving by boat, since the bay offers good shelter.

Practical notes

- Reached via Sofiko and Korfos; allow time for the drive.
- Minimal facilities — bring supplies, water and a parasol.
- The pebbles call for water shoes, especially for children.

Useful information

Best time to visit	April–June & September–October (mild, uncrowded)
