Kryfi Beach

About

Kryfi lies on the Saronic Gulf, close to Isthmia and the eastern entrance of the Canal. Its name — meaning hidden — describes it well: small, a little tucked away, without the traffic of the larger beaches.

What to expect

A small shore with calm water and views out over the Saronic. Being so close to the Canal, you can watch ships approaching the entrance from here.

Practical notes

- About 10 km from Corinth, near Isthmia.
- Combine it with the submersible bridge and the archaeological site.
- Limited facilities — bring water with you.
