Laliotis

About

Laliotis lies in the hills of Sikyonia, between the plain of Kiato and the mountains. It is one of those villages that combine farming with a view of the sea.

Its character

All around spread **vineyards, olive groves and orchards**. The settlement is quiet, with a square and a church at its centre, and keeps the character of a working village.

What is around

Ancient Sikyon and its museum, the mountain villages of the area, and the coast at Kiato a few minutes below.

Practical notes

- Reached from Kiato.
- A good stop on a route up into the mountains.
- For accommodation and food, Kiato is only a few minutes away.

Useful information
