Solomos

About

Solomos lies south of Corinth, in the belt spreading below the mass of Acrocorinth. It is a farming village whose life rests on cultivation.

Its character

A square, cafes, a church, and all around **vineyards and olive groves**. It is not a tourist destination; it is one of the villages that show everyday Corinthia.

What is around

Acrocorinth, Penteskoufi and Ancient Corinth are all a short distance away, while further south begin the routes towards ancient Tenea.

Practical notes

- About 8 km from Corinth.
- A good stop on a route to the southern villages.

Useful information
