CORINTHIA

Mountains, caves & nature in Corinthia

About

Half of Corinthia is mountain. **Ziria** rises above 2,370 metres, **Oligyrtos** and **Dourdouvana** mark the western edge, and between them spread plateaus, sinkholes, caves and lakes.

The list covers peaks, caves and natural landmarks — many of them names you will only meet on maps and in conversation with local people.
