Wedding and christening photography in Corinthia: Blank Studio in Kiato

About

A wedding or a christening lasts a day; the photographs last forever. In Kiato, **Blank Studio Photoshootings** photographs and films weddings, christenings and events, and shoots portraits and brand work in its own studio.

The business in this article is a Visit Corinthia partner. We describe it using what it says about its own work; hours and details can change, so check its page before you go.

What Blank Studio does

- **Weddings and christenings** — photography and cinematography.
- **Events** — from family celebrations to corporate ones.
- **Portraits, fashion and personal branding** — studio sessions.
- **Brands and social media** — images for products and businesses.
- **Architectural and landscape photography.**

The studio describes every shot as a “blank canvas” ready to be filled with emotion, light and stories. It focuses on detail, lighting and composition, and works all over Greece from its base in Kiato.

Ideas for photo locations in Corinthia

Corinthia has sea, mountains and antiquity within a few kilometres — which makes it ideal for a post-wedding shoot or an outdoor portrait:

- **The Kiato seafront** at sunset, with the mountains of Roumeli across the gulf — see our Kiato guide.
- **The ancient theatre of Sikyon**, minutes from Kiato — see our Ancient Sikyon guide.
- **Lake Doxa** with its little church and fir trees — see our Lake Doxa guide.

Good to know: professional photography inside an archaeological site needs a permit from the local Ephorate of Antiquities. Arrange it in good time, together with your photographer.
