CORINTHIA

Ancient theatres and stadia of Corinthia

About

Corinthia hosted two of the great Panhellenic games of antiquity, the Isthmian and the Nemean Games, and had a theatre in every important city. In this list we have gathered from our guide the theatres, odeia and stadia you can see today: the theatre and Odeion of Ancient Corinth, the stadium of Nemea with its ancient athletes' tunnel, the theatre and stadium of Sikyon, the theatre of Isthmia and the theatre of Stymphalos. Some lie inside organised archaeological sites with tickets and opening hours, while others are freely accessible. Before you go, check the practical information on each monument page, where it is available from an official source. Combine Nemea with Sikyon and Ancient Corinth with Isthmia for two full days.
